USEFUL INFORMATION

This small leaflet shows some new items ready for 2026 which complement the 2025 collections. Many of the 2025 products will last for the whole 2026 despite the fact relevant homologations has expired or will expire in a matter of months.

This is thanks to the fact we have built a significant stock before the production deadline, that will allow us to sell them for long.

Beside every 2025 products shown from page 16 to 19 you'll find the expected date of stock depletion.

A new comprehensive catalogue will be available early 2026.

AWESOME NEW PRODUCTS

NOW WE REALLY STAND ABOVE THE COMPETITORS
Below you will find two new groups of products with exceptional features, never arrived so far from competitors.

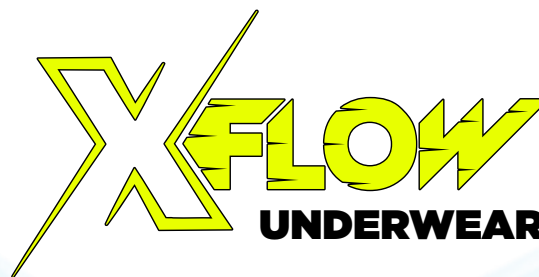

Page 4 to 7

This is the replacement of **Lap, Diva and Gent** which have always been a flagship for P1 for their innovative concept combined with **lightness, comfort and durability**.

LITE range which includes **4 suits** (shown next pages) is even lighter, averagely **100 grs** than previous Mid-range, and it's even lighter of some much more expensive suits from competitors.

As usual the range includes differently tailored suits to fit any body.

Beside to the garment with regular fit (mod. **Best**) you can find **Star** shaped for women, **Passion** when you got a few kilo more and **Extra** shaped for big bodies up to 140 kilos.

Page 8 to 14

Thanks to a fantastic material all **X-FLOW** items are the lightest on the market so far.

Besides that they allow many times **more air** to pass through than their competitors and therefore help to **reduce sweating** with obvious advantages for the driver's well-being.

Look at the picture, you see **the fabric is nearly transparent** so now you know why we're miles ahead.

Of course they're also **remarkably stretchable** for best comfort and freedom movement.

We offer a large range of options to fit comfortably anybody from women to giants, slim or very tall people. Nobody else can say so.

12 fantastic colors to make you able to satisfy all your tastes and need of your sponsor: **once more, who else?**

NO MORE TOO TIGHT BALACLAVAS

Do not suffer for a tight balaclava any more.

All our competitors sell one size only and you must adapt, no matter if you're a girl with a 54cms head or a giant with a 64cms head.

Then, those with a head larger than 58cms suffer because the balaclava is too narrow and you can't wait to take it off.

When you buy **P1** you can choose among **three different sizes** to be comfortable and stress-free.

To identify the more convenient size you should refer to your head size or, more easily, to your helmet size.

"M" balaclava (page 8) fit perfectly when you have a **size 55 to 58**, **"L"** when you are **59 to 61**, **"XL"** **62 and more**. **Eyehole** balaclavas are perfect for **size 55 to 58**.

THE REVOLUTIONARY X-FLOW UNDERWEAR

X-FLOW COMFORT TOP

UNMATCHED PERFORMANCE

THE LIGHTER ON THE MARKET, SO FAR

Weight of the material is **200g/m²**.

✓ Size M (175cm/80kg) weighs **215g**.

✓ Size L (182cm/90kg) weighs **240g**.

Some competitors are up to **60%** heavier.

139,- €

STRIKING BREATHABILITY

It's near double when compared to best competitor, perhaps **8 times better** when compared with some cheap items:

Test carried out in June 2025 against 13 competitors by an independent test-house according the norm UNI ISO 9237:1997

Look at the picture here below: you can see the hand as the fabric is really open so there is no barrier to air flow. You have the feeling to wear nothing.

MORE AIRFLOW, LESS SWEAT, HIGHER COMFORT AND PERFORMANCE

So much air to pass through leads to decreased sweating.

When you sweat a lot and get dehydrated your brain could suffer affecting your ability to make quick decisions so crucial in motorsport.

DISCLAIMER

When you need to dry your underwear after a driving session, do not leave it directly exposed to the sun as this may cause a rapid fading of the color due to inherent aramid properties.

We highly recommend to let them dry in a covered space in the shadow.

LIGHT AND HYPER-BREATHABLE

VERY LIGHT AND HYPER-BREATHABLE

YOU NEVER SAW SO MANY COLORS TO PLEASE YOU AND YOUR SPONSOR

- ✓ **P1** is again the first and the only to allow you a choice of **12 colors** when you wish to buy a top underwear.

P1 MANUFACTURING FACILITIES

When you order a P1 suit or underwear you are sure that the entire manufacturing process, both for stock or customized items, is entirely carried out in-house for a better quality control to minimize mistakes.

To achieve this goal and to support its continuous growth P1 is investing in latest technology machines to increase its manufacturing capacity to provide a fast and accurate service.

Here below you can see some of latest acquisitions all bought in the past few years.

State of the art automatic cutting table and spreader just received.

Our cutting capacity is now increased by 3 or 4 times in order to provide better quality and faster delivery terms.

Our machinery fleet includes five different embroidery machines all bought between 2021 and 2023.

ROLAND LARGE-FORMAT INKJET PRINTER

We customise our products with transfer printed logos.

Thanks to this new machine we improved the quality and definition of our logos, speeding up the process by two times.

ARE YOU READY FOR A PROFESSIONAL LOOK?

LOOK LIKE A PRO, A CUSTOM OUTFIT AMPLIFIES YOUR PRESENCE AND PLEASURES YOUR SPONSORS

START

GRAB A STANDARD P1 PRODUCT AND MAKE IT PERSONAL

Pick your preferred P1 **off-the-shelf suit** and have your sponsor logos printed on it (logos in vector format are mandatory).

Alterations and made to measure service are **not allowed** for this customisation option.

Together with the shipment of your suit we will provide you the mandatory customisation certificate requested by the **FIA** for every printed item.

 **Delivery within one week.**

START customisation option is also available for:

- ✓ Top (page 13).
- ✓ Gloves (page 21).
- ✓ Shoes (page 23).

ADC

ATTRACTIVE AND DISTINCTIVE

Choose the P1 suit you like according to your fitting: you can freely change its colours respecting the original pattern and according to available colors by suit range.

You're free to play with them respecting a simple rule: maximum 3 colors for fabric and 2 colors for the stretch inserts.

Standard features like belt and pocket (side and co-driver) can be added with no extra cost.

Following features are subject to extra costs:

- ✓ Made to measure option;
- ✓ Printed or embroidered name;
- ✓ Printed or embroidered logos.

 **Delivery within four weeks.**

FULL

IMAGINATION HAS NO LIMITS

Create a unique personal design by downloading the blank sketch from our website (www.p1advancedracewear.com) or get amazed by our internal graphic department which can help you creating some fancy proposals if needed. Suit is **100% customisable**

Enhance the importance of your suit by adding your sponsor logos (printed or embroidered), giving them the visibility they deserve.

Vector files are mandatory for printed suits and strongly recommended for embroidered suits to get the best possible result.

 Delivery within five we-

If you are in a hurry, you can profit of our **full throttle service** to get your suit earlier. Extra fee may be applied as follow:

| Lead time | Full Throttle Fee* |
|----------------|--------------------|
| Within 4 weeks | 50,- € |
| Within 3 weeks | 150,- € |
| Within 2 weeks | 250,- € |

*: price per suit

During the **low season (from July 1st to January 31st)** the lead time is automatically decrease by 1 week. In any case shipment terms are always communicated before confirming the order.
